

Curriculum Vitae

First name(s) / Surname(s)

Address (business)

Mining and Geology University 'St. Ivan Rilski', Studentski Grad, prof. Bojan Kamenov str., Sofia 1700, Department Economic Geology

Mobile (optional)

+359 2 8060357

E-mail

sstoykov@mgu.bg

Positions (at moment)

Associated Professor

Dates

2011

Occupation or position held

Name and address of employer

Mining and Geology University 'St. Ivan Rilski'

20

Dates

2004 - 2011

Education and training

Dates

2000 – 2003

Title of qualification awarded

Ph D

Educational institution

Geological Institute, Bulgarian Academy of Sciences

Dates

1991 – 1996, 1990 -1995

Title of qualification awarded

Applied Informatics, Geology and Geochemistry

Educational institution

Sofia University 'St. Kliment Ochridski'

Mother tongue(s)

Bulgarian

Other language(s)

Russian, English

Self-assessment

	Understanding		Speaking		Writing
	Listening	Reading	Spoken interaction	Listening	Reading
Russian	C2 Proficient level	C2 Proficient level	C2 Proficient level	C2 Proficient level	C1 Proficient level
English	C2 Working level

Professional information and applications

Professional and Research interests (key words)	Mineral resources – industrial raw materials, prospecting of mineral deposits, geology of mineral deposits, geochemistry, isotope geology, radiogeochronology, petrology, remote sensing, geothermometry and geobarometry, Geo-archeology
Patents and Inventions	-
Membership of professional and trade organization	Bulgarian Geological society, Mineralogy, petrology and economic geology Museum society of Mining and Geology University, JICA – (Japan International Cooperation Agency) Alumni – Bulgaria Full license for projects elaboration in prospecting and exploration of mineral deposits, and evaluation of mineral resources – The Bulgarian Chamber of engineers in investment project elaboration
Publications	55+ Geology of mineral deposits, remote sensing, isotope geology, geochemistry, prospecting of mineral deposits, etc. (Appendix 1)
Projects	15+ Coordinator – European Science Foundation, SCOPES, 7FWP, BNSF, etc. (Appendix 2) Bulgarian Geological society 2002, 2003, 2004, 2005, 2006, 2007; 2022. <i>2007. SGA meeting, Dublin.</i> <i>2007. Advances in Regional Geological and Metallogenic Studies in the Carpathians, Balkans, Rhodope Massif and Caucasus (Romania, Serbia, Bulgaria and Georgia). Bor, Serbia. 12.</i> <i>2009. Recent research activities and new results about the regional geology, geodynamics and metallogeny of Caucasus and Balkans, Tbilisi and Madneuli, Georgia.</i> XXII International Congress of the CBGA, Plovdiv, Bulgaria, 7–11 September, 2022
Specialization abroad	1998-1999 Institute of Geology and Paleontology, Paris- Lodron University of Salzburg, Austria; 2002 Institute of Isotope Geology and Mineral Resources, ETH (Swiss Federal Institute of Technology) –Zurich, Switzerland; 2002 Institute of Geology – University of Geneva, Switzerland; 2003 Japan International Cooperation Agency Under the International Cooperation Programme of The Government of Japan, Organized by the General Directorate of Mineral Research and Exploration, Ankara – Turkey "Exploration and Evaluation of Underground Recourses – Industrial minerals and rocks"; 2004 Japan International Cooperation Agency Under the International Cooperation Programme of The Government of Japan, Organized by the General Directorate of Mineral Research and Exploration, Ankara – Turkey "Exploration and Evaluation of Underground Recourses – Remote Sensing and GIS"; 2008 2 months, Institute of Geology, University Geneva, Geneva, Switzerland, Supervisor: Prof. Dr. Robert Moritz; Geochemistry, magmatism and its relation to mineral forming processes
Other professional skills	

PUBLICATIONS

- СТОЙКОВ**, Ст. и др. Петрология на Чучулигинските I-тип гранитоиди, Източни Родопи, България. / С. СТОЙКОВ, Б. Маврудчиев // Геохим. минерал. петрол. 1997. 32, с. 101-116 . ISSN 0324-1718.
- ЯНЕВ, Й. и др. Петрология и K-Ar датиране на палеогенския магматизъм в района на селата Ябълково и Сталево, Източнородопска вулканска област. / Й. Янев, **С. Стойков**, З. Печкай. // Геохим. минерал. петрол. 1998. 34, с. 97-110. ISSN 0324-1718.
- STOYKOV**, S. et al. Late Cretaceous magmatism of Chelopech region, Central Srednogorie volcanic-intrusive zone (Bulgaria). - *Geol. Carpat. Special issue* / S. Stoykov, Y. Yanev, R. Moritz, D. Fontignié // 2002. 53 (electronic version). ISSN 1335-0552, Impact Factor 0.147.
- STOYKOV**, S. et al. Geological structure and petrology of the late cretaceous Chelopech volcano, Srednogorie magmatic zone. / S. Stoykov, Y. Yanev, R. Moritz, I. Katona, // *Geochem. Mineral. Petrol.* 2002. 39, 27–38. ISSN 0324-1718.

2. The Terra firma Atlas: The terrain - motion information service for Europe. 2009. 94 p.

PROJECTS

Potential of Au mineralizations and deposits related to Neogene Intrusive rocks in the Eastern Rhodopes, Bulgaria - Bulgarian Committee of Geology 1994-1995;

Magmatic and geodynamic controls on the Upper Cretaceous and Paleogene ore Au and Cu deposits in the Srednegorie belt and the Rhodope Massif, Bulgaria. 7BUPJ062276 - Swiss National Scientific Foundation. – Bulgarian team leader; 1999-2003;

ABCD - GODE - Geodynamics and Ore Deposits Evolution - ABCD Alpine- Balkan- Carpathians – Dinaride province. European Scientific Foundation, 1999 – 2004;

Ground motion hazard information services in support of policies aimed at saving lives, improving safety and reducing economic loss. GMES – Terra firma, European Space Agency, **Bulgarian project coordinator**, 2005 -2007;

H3 – 1412 – Magmatism and ore-forming processes in the Upper Cretaceous epithermal and porphyry deposits in the Srednogorie zone (Bulgaria) and Artvin – Bolnisi zone (Georgia) Bulgarian National Scientific Foundation Project leader, 2004 – 2008;

SCOPES - IB7320-111046. Tectonic and magmatic control of the Cretaceous Au and Cu deposits in the Rhodopes and Srednogorie zone (Bulgaria) and Caucasus (Georgia). Swiss National Scientific Foundation, **Bulgarian project coordinator**, 2005 – 2008;

Estimation of vertical ground movement by Active Sensor Satellite Synthetic Aperture Radar Interferometry (InSAR) to protect civil population from Natural Hazards in the Sofia valley. Contract between European Space Agency (Terra firma) and Mining and Geology University 'St. Ivan Rilski'. - Project leader 2005 – 2010;

PanGeo - Enabling access to geological information in support of GMES, 2011 -2014 Program: FP7-SPACE, FP7-SPACE-2010-.2014. Grant Agreement: 262371;

Erasmus + 2014-2020. Coordinator of the University of Mining and Geology, Sofia, Bulgaria;

Geochemical characteristics of mineral formation processes in area of the Au-Ch the Chelopech epithermal deposit – Bulgaria, - Dundee Recues metals – No 0093, supervisor;

D002 – 89/11.12.2008 – Building up scientific – educational geological – geophysical complex in the Geological and Prospecting faculty at the Mining and Geology University 'St. Ivan Rilski'. Bulgarian National Scientific Foundation, at Ministry of Education and Science. 2008 -;

D002 – 89/13.12.2008 – Indicators of atmospheric acidity and global climate change in the soil (Trace valley example) Bulgarian National Scientific Foundation, at Ministry of Education and Science. 2008 -;

BG051PO001-4.3.04-0041. "Разработване и апробиране на електронните форми на дистанционно обучение в Минно-геологически университет "Св. Иван Рилски" - София и внедряване на Единна университетска система за дистанционно обучение". 03.12.2012 – 03.12.2014 г. ръководител на проекта.

2016-1-BG01-KA103-023069 -

2017-1-BG01-KA103-035558

2018-1-BG01-KA103-047038 -

2019-1-BG01-KA103-061283 -

PROJECTS OF INDUSTRIAL APPLICATION

PanGeo - Enabling access to geological information in support of GMES, 2011 -2014 Programme: FP7-SPACE, FP7-SPACE-2010-.2014. Grant Agreement: 262371;

- Estimation of vertical ground movement by Active Sensor Satellite Synthetic Aperture Radar Interferometry (InSAR) to protect civil population from Natural Hazards in the Sofia valley;

Estimation of vertical ground movement by Active Sensor Satellite Synthetic Aperture Radar Interferometry (InSAR) to protect civil population from Natural Hazards in the Varna area;

12+ Industrial projects – Geological report on exploration and estimation of reserves and resources of mineral deposits: industrial minerals and rocks (kaolinite, quartz sands, etc.), building materials (aggregates, cement production raw materials, etc.), decoration stones, metals (Cu, Cu-Au deposits) – primary author geologist.
